All drinks packages include glassware and table water. Non-alcoholic and children's alternatives are available for each drink package, these are charged at half the price of the drinks package you choose. All drinks packages include a drinks tasting session for 4 people ahead of the big day to choose the beers/wines/cocktails you would like serving as part of your drinks package.

You can add a tea and coffee station to any of the drinks packages at a cost of £2 per person. This will be presented on our purpose-built barrel table and include traditional English breakfast tea, coffee, decaffeinated options, a selection of herbal/flavoured teas, milk, sugar and cups and saucers. The station will be available to guests for unlimited use during the wedding breakfast and speeches (max 3 hours).
